

Information for Parents and Carers

Benefits and Entitlement

- **DLA – Disability Living Allowance**

DLA is awarded to children under 16 who have a disability, illness or health condition which requires them to need more support throughout the day than a child without a disability, and/or if the child has difficulties walking.

DLA is awarded in two categories; **Mobility** and **Care**. Each category has different rates awarded.

Care- can be awarded from birth.

Low rate is awarded if the child needs extra care for some of the day, this can be about an hour.

Middle rate is awarded if the child needs extra care several times a day **or** night for short periods **or** if they need extra supervision right throughout the day.

High rate is awarded if the child needs help during the day **and** night.

Mobility- low rate is awarded from 5 years old, high rate is awarded from 3 years old.

Low rate is awarded if the child can walk but needs extra help to guide or supervise them to get around outdoors or somewhere they don't know.

High rate is awarded if a child has a physical disability. This can include not being able to walk at all or if walking outside will cause severe discomfort **or** seriously affect their health.

A child may also get high rate if both legs have been amputated or born without legs or feet **or**

Certified as severely sight impaired **or** are deaf and blind **or** qualify for the high rate of care with severe behavioural problems.
